- Modern architectural design aesthetic
- High-efficiency furnace and water heater
- Low VOC finishes
- Full size roof deck
- Bamboo floors on main level
- Light filled spaces
- Reserved parking

Affordable. Urban. Home.

Four modern townhomes are arriving on the scene of one of West Seattle's most beautiful neighborhoods. Calafia Townhomes boast three floors of open living space, including two full-floor suites.

Main floor balconies overlook a spacious, south-facing shared green space. The master suite leads up a roof deck, perfect for urban gardening or dinner parties. West Seattle's Admiral neighborhood is home to restaurants, a movie theater, grocery stores, wine bars and coffee shops.

Bike and walking trails lead to Alki Beach, and bus stops make for an easy commute downtown. Calafia Townhomes put all of these amenities within your reach.

This is a place you want to be. This is a place to call home.
